Code: C48-LIFT

2LIFTU 58CM LARGE

Code: C58-LIFT

2LIFTU 68CM X-LARGE

Code: C68-LIFT

The 2LiftU is a new type of chair that helps people with mobility challenges get in and out of chairs more easily, while blending in with existing dining settings.

The seat comes in 3 standard widths and is available in a variety of wood finishes and fabric colours to match your décor.

The 2LiftU Chair is made in Europe from high-quality materials designed to last.

An opening at the top of the chair allows for easy handling by users or care givers, and the armrest is designed to provide support when sitting or standing.

- 6 different levels of force
- Reduces the risk of falls
- Improves mobility
- Increases independence
- Wide range of options, including back cushions, anti-decubitus cushions
- 6 standard colours
- 3 wood colours; Beech, Oak, Ash
