

## Bed Wedge

Helps alleviate reflux,  
breathing constraints,  
hiatus hernia and  
heart conditions

Elevate and support  
the upper body

Ideal for home care, residential care facilities and hospitals.

Correctly angled and sized to elevate and support the upper body for easier breathing and digestion. Helps alleviate reflux, breathing constraints, hiatus hernia and heart conditions.

Also perfect for reading in bed, sleeping, or simply relaxing in an elevated position.
