## Features

The Floorline 7.5 Bed is a highly versatile electrically adjustable bed, suitable for care either at home or at a facility level. Its excellent height adjustability, including the low height of just 7.5cm to mattress platform makes it ideal for those at risk of injury from falls, without the need for inhibitive side rails.

The Floorline 7.5 Bed has a warm and attractive appearance with slimline beech wooden bed ends that do not impede user or carer line of sight.

- Height adjustment from 75 - 660mm
- Low bed ends for excellent patient visibility
- Attractive wooden bed ends with concealed actuators
- 4-way electronic adjustment
- Electronic height adjustment, back rest, knee break, trendelenburg
- Auto Contour function supports user position when adjusting
- Auto-stop at 250mm when lowering bed to reduce crush risk
- Self-levelling emergency function
- Safe working load of 200kg
- Pull-apart bed for transportability
- Transport bracket included
- Clamp rail available
